

ELEVATE

EVERYDAY ACCESSIBILITY

ELEVATE is a mechanical seat-lift add-on for manual wheelchairs. This device gives users control of their seat height, elongating their reach, extending their line of sight, and bridging the gap when speaking eye to eye with others.

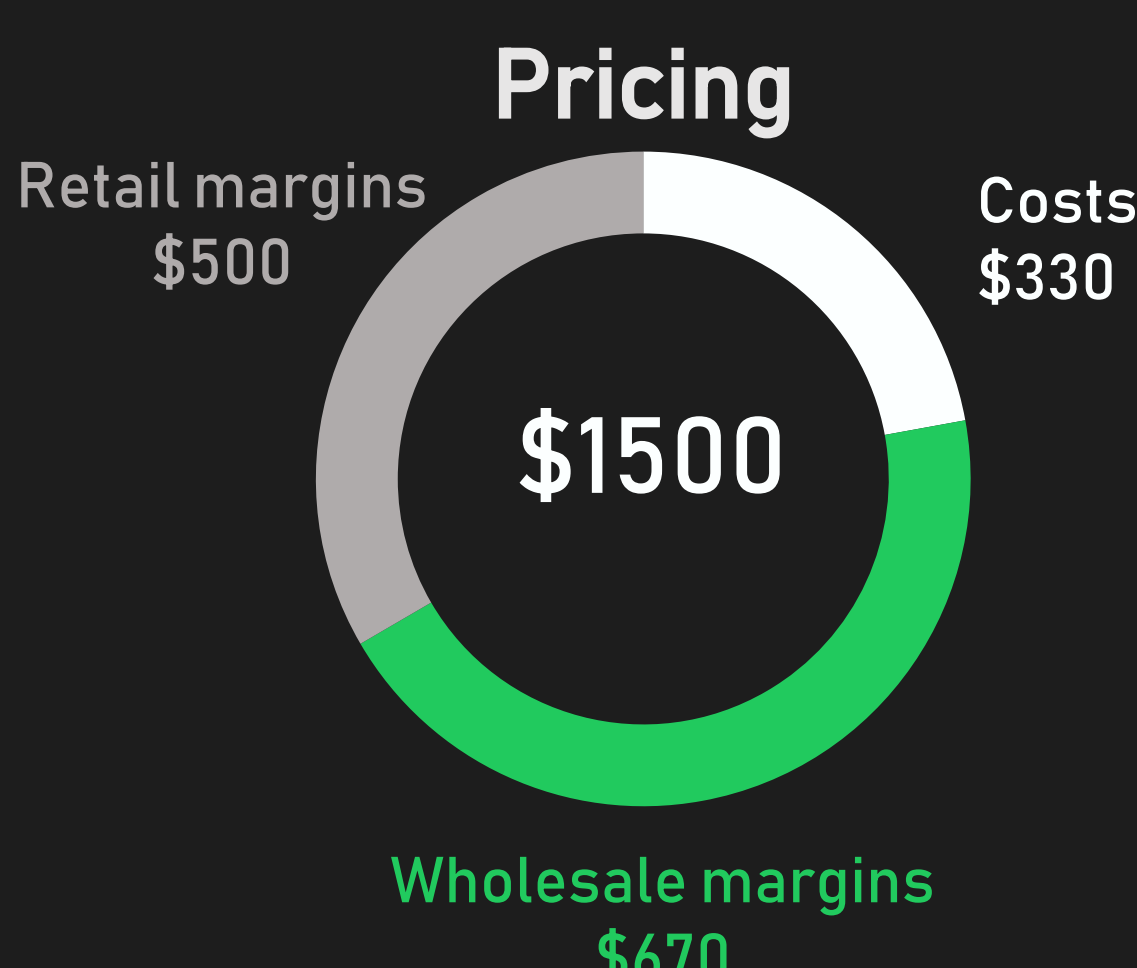

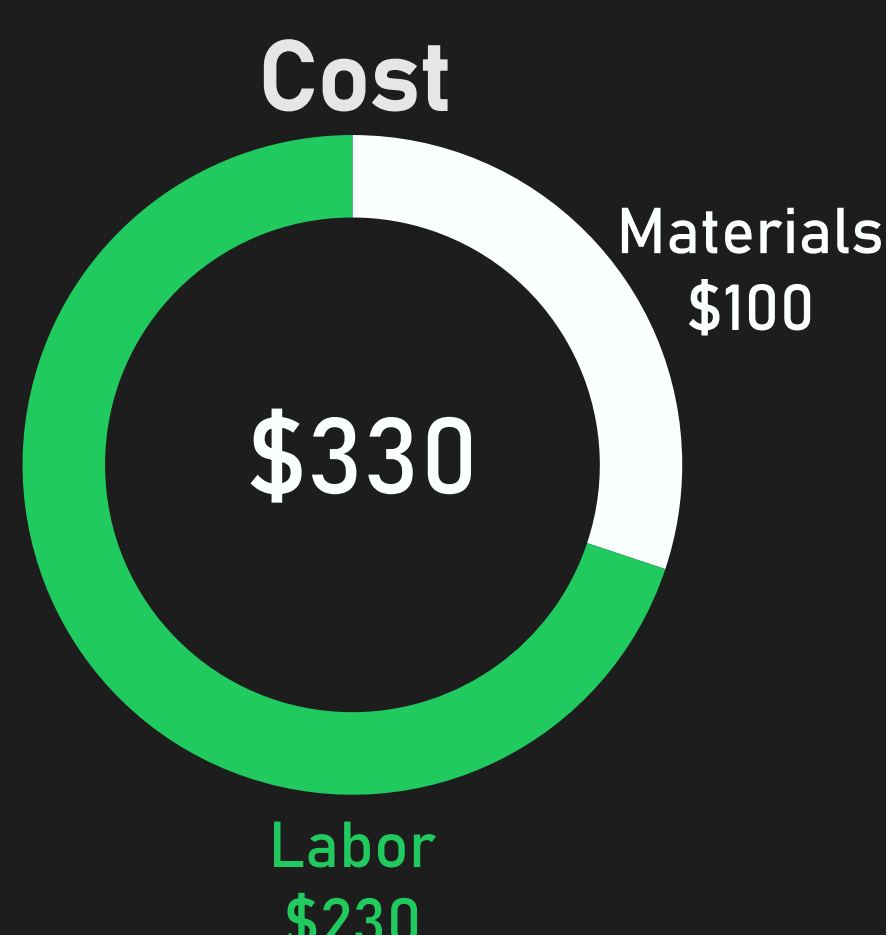

Product Features

Specifications

Light weight	< 5 lbs.
Size	14"x14" – 18"x18"
Height range	0 – 7.87 in.
Speed	< 5 seconds

Our Proposal

	Year 1	Year 4
Market share	1%	5%
Units sold	900	4500
Profit margin	\$623K	\$3.1M

Future goals:
To reach the entire US market

Thank You
